📁 Invest in the Future of ERP:

## Own Your AI Employee Business for Just **\$50,000**

**Implement AI now before your competitor does.**

Say goodbye to clunky, costly ERP systems — and hello to AI-powered productivity.

### Buy It. Own It. Sell It.

For just **USD \$50,000**, you can **fully acquire the SoftRobot AI ERP platform** — including:

- ✓ Lifetime access
- ✓ Full source code
- ✓ Transferable copyright
- ✓ White-label rights
- ✓ Resale at *your own price*, under *your own brand*

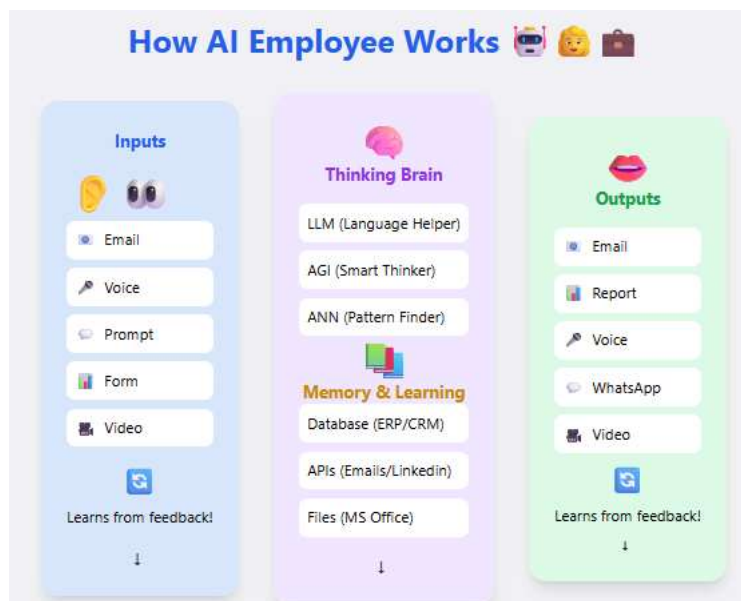

You don't rent AI Employees. You **own the factory** that builds them.

### What Is SoftRobot AI Employee?

**SoftRobot = AI ERP + AI Agents = AI Employees**

It's not just another ERP. It's a **business automation engine** powered by autonomous AI agents who work like virtual employees — with **zero data entry**, **zero training**, and **massive ROI**.

### Who It's For:

👤 **Group of Companies who want customized AI Employee system managed by inhouse IT Department:**  
Replace expensive ERP licenses and underperforming staff with AI Employees who don't need salaries, breaks, or HR.

 **IT/ERP Companies who want to develop new area of AI Employee business:**  
Stop selling legacy ERP solutions with thin margins. Instead, **own your own AI ERP product** and **sell it on your terms**.

## Why Switch to AI ERP?

| Feature    | Traditional ERP (SAP, OODO)         | AI ERP (SoftRobot)                           |
|------------|-------------------------------------|----------------------------------------------|
| Deployment | Complex, rigid, costly to customize | Adaptive, fast, codeless, menuless, userless |
| Workforce  | Human-reliant - too much data entry | AI-driven - Automated data entry             |
| Cost       | High licensing + AMC                | One-time ownership                           |
| Training   | Time-consuming                      | No training required                         |
| ROI        | Slow                                | Rapid (90% cost savings)                     |

"In 5 years, traditional costly MNCs workflow-based ERPs will be obsolete. AI ERP is where the world is heading — and you can own it today."

## Why This Offer Is Unique:

- **100% Product Takeover for \$50,000**
- Full source code and commercial rights
- Sell under your own brand name
- No revenue sharing
- No ongoing license fees
- Use it, customize it, or build on top of it

You are not a reseller. You are the **owner of a next-gen AI ERP product line**.

## What's Included:

- Source code for: **SoftRobot**, **MobileERP**, and **ERPWeb**
- AI Agent architecture + ERP automations
- Web + mobile-ready interface
- Complete training and documentation
- Optional implementation support: **\$3,000/month**

## Message from the Founder

"We've built this platform to replace outdated, bloated ERP systems — and to empower others to do the same. This isn't a franchise or license deal. This is your own AI ERP company in a box — ready to scale."

I've been helping firms like yours or your clients replace manual workflows with AI-powered "employees" using our AI ERP platform — crazy ROI, and often takes less than a week to implement.

If you're open to it, I'd love to run a free audit on one of your current workflows and show what we could automate. No commitment — just value. Just WhatsApp me today...

## Take the First Step:

Let's talk about how you can **own and profit** from the AI ERP revolution:

Can you imagine driving entire ERP, CRM, HRM or any software using Email only?. Yes now it's possible using SoftRobot.in

FACT: Most employees know only email as software to operate. Most employees are not capable to use any ERP Software
